

The Amalfi One Corporate
Private Jet Card Program

AMALFI JETS 

Adding to your world, one flight at a time.

Amalfi Jets Overview

Amalfi Jets is the leader in global private jet charter and jet card memberships. With the trusted Amalfi Aircraft Network™, we're proud to offer our clients direct access to over 3,500 aircraft across 170+ countries.

No matter where your travel takes you, be able to rely on consistent quality and aircraft safety standards. We frequently review the aircraft within our network to ensure they maintain our standards for cleanliness, quality, and safety.

Amalfi Jets is proud to highlight safety as one of our pillars. Through our stringent Amalfi Network, we've hand picked the world's finest operators, aircraft, and crew. We require each Operator to meet all FAA Part 135 requirements and hold additional third party safety accreditation from the following business aviation safety auditing firms ARGUS, Wyvern, and IS-BAO.

Arranging private jet travel can be complex and time consuming. In order to make your life easier, we handle the entire process. Our team understands that last minute changes happen and we will always do everything we can in order to assist with those changes.

On all Amalfi Jets flights clients receive all standard Amalfi Jets Services, including:

Black Car Service

On every Amalfi Jets' flight we offer complimentary Black Car Service in our trusted SUV vendors for all passengers. We'll pick you up from your house, take you directly to the aircraft, and once you land you'll have a car waiting to take you all the way to your final destination.

Premium Onboard Cuisine

Through our refined cuisine partners around the world, we're pleased to offer a carefully crafted menu on each flight, depending on the region and your particular tastes and requests. Imported alcohol and spirits accompany our pristine cuisine onboard.

Departure Airport Representatives

We like to put a face to the name, which is why we have a team of Amalfi Departure Representatives strategically based around the world to fly out and meet, greet, and escort our valued clients onboard their flight. Our Amalfi Representatives allow us to ensure the entire experience is exactly to your liking, backed by our Global Operations Team watching over the trip.
