*These are the maximum passengers allowed during normal booking periods. Passenger count will be on a case by case depending on factors such as weight, weather, airports, runway length. The final decision will lay with the Operator and not Amalfi Jets.

A CULTURE OF SAFETY

With our company's founding by a licensed pilot, we take a look at every trip from a pilot's perspective. Through innovative policies, stringent safety systems, and team watching over every flight, we're proud to serve you.

THE AMALFI STANDARD™

The Amalfi Standard means peace of mind for our Cardholders, with stringent safety processes completed behind the scenes. Every Operator, Aircraft, and Pilot in our network is vetted prior to every flight. All Operators must meet FAA Minimums and must hold certification with 3rd Party Safety Companies, ARGUS and Wyvern.

OUR STRINGENT NETWORK

Our Cardholders gain access to over 3,500 aircraft based globally, but what does that mean for safety? At Amalfi it means rigorous processes and vetted of every Operator and Aircraft utilized for our clients. Prior to every flight, the Operator, Aircraft, and Pilot's are all vetted by Amalfi Jets and held to our internal safety standards.

PEACE OF MIND IS LUXURY

Peace of mind is knowing that every Operator's information is checked by Amalfi Jets using information obtained from the FAA, NTSB, DOT, and 3rd Party Safety Auditors, ARGUS, Wyvern, and IS-BAO.

"By looking at every trip from the pilot's perspective, we're able to understand it from the other side and plan for things other companies just can't. I'm proud of our mantra of "Safety First, Business Second" and will continue to hold that value every day. "

- Kolin Jones, Founder and CEO

The Amalfi Reserve Membership is a program of Amalfi Jets, LLC, an aircraft charter broker acting as an agent on behalf of the client. Amalfi Jets does not own or operate any aircraft and does not maintain operational control over any flight. Aircraft are sourced through the Amalfi Jets Network of trusted FAA Certified Part 135 Operators or the Foreign Equivalent.
